Pre-Assessment Test Determines Course Placement

When you arrive at the ELA, you will be given a test to measure your proficiency in: Reading, Writing, Listening and Speaking. You will be placed in one of six levels. Once classes begin, your instructors will give a short assessment test in each class to be sure you are appropriately placed.

Post-Assessment

Once the term is complete, you will be re-tested to determine the progress you have made over the course of the semester.

Student Placements for New Students

Once you are placed in the classes appropriate for your skill level, you will receive a schedule of classes. Your Student Advisor will go over this schedule with you. Should you want to move up to a higher level, you will be required to take a diagnostic test for each class you wish to change.

Note: Students who arrive later than the day required for Orientation and Check-in will not be able to transfer in or out of classes once they receive their schedule.

Individual Course of Study

The ELA offers approximately 18-24 hours of classroom instruction per week at each level. To maintain your student visa, you must attend a minimum of 18 hours of classes per week.
