

Youth Programs

What Participants are saying...

"The ASAP program is one of the best programs there is to get ahead in school. I took their geometry class over my summer, and I was allowed into the Advanced Intermediate Algebra class at my school. The class was manageable due to it not being held on consecutive days, allowing me to complete my homework and have time to enjoy my summer. I cannot recommend these classes enough."

— **Theodore Dykstra,**
7th Grade

"The Accelerated Summer Academic Program at USD provided me the valuable experience of continuing my learning during the summertime. ASAP served as not only a way to continue my learning, but also as a way to advance my learning. I took the class Writing for High School and enjoyed it very much, I would recommend ASAP to anyone."

— **D. Hickman,**
High School

"I liked how the teacher was passionate about her work. It got us into what we were learning and made it more exciting. It was really enjoyable and I think The Practice of Law was one of the greatest classes. I've gained knowledge. My favorite thing was the different activities we did like the mock trial. Definitely recommend this program."

— **Azriel Almera,**
9th Grade,
High Tech High Media Art

"If you are looking for a program that provides your son or daughter a glimpse into the college classroom experience, I highly recommend the USD ASAP Program. My son took the Practice of Law class, and watching him speak in front of an audience during their Mock Trial, I realized how much he had grown through this process. The instructors and curriculum are of the utmost quality, and I would definitely encourage parents to learn more about the program."
